Tiziano

Automated Slider Stainer

Workflow automation for special stains

Tiziano provides simplicity in operation, and is efficient in optimizing and standardizing staining results:

- Reduced reagent usage due to tank volume
- Enhance quality: use Tiziano with Special Stains Kits from Mercedes Medical (ready-to-use, quality-controlled reagents)
- Space-Saving design:
 - Stand-alone unit can be fitted easily into the available workspace
 - Equipped with software user-friendly touch-screen tablet
- Ready-to-go: Comes pre-programed with 25 stain protocols
